Frontend - developer

SUMMARY

I'm a frontend developer with a desire to learn new and improve. Currently, I'm looking for a frontend developer position and new challenging projects to develop myself even more. I have profound knowledge of HTML and CSS including preprocessors (Sass/Less), a good understanding of responsive web design, and proficiency in working with native JavaScript, Typescript, frameworks and libraries such as React, Redux, MobX, Vue, Vuex, Pinia, TailwindCSS, MUI, Formik, etc. I'm always ready to learn new technologies.
